

CEO's Message: Changes to Specialist and CFP Certification Fees in India

Date: 06 September 2023

Dear CFP professional/ Candidate,

I hope this message finds you well.

We would like to bring to your attention an important update that will impact the cost structure of our Specialist Certification and CFP® Certification.

Due to regulatory updates in India and amendments to the tax regime, we are obligated to adjust the fees associated with obtaining and renewing your Specialist/ CFP certification. These changes are essential to ensure compliance with the evolving regulatory landscape and to continue offering you the highest quality of education and professional recognition.

Effective 1st October 2023, the cost of the Specialist certification and CFP certification will be updated to INR 8,600 + 18% GST. This fee structure will apply both at the time of applying for the certifications and during the annual renewal process.

We appreciate your understanding and support as we adapt to these necessary changes to maintain the integrity and value of our certifications. Thank you for your continued commitment to excellence in your CFP professional journey.

Kind regards,

Krishan Mishra.

Krishan Mishra
